Cabo Displayport > VGA 05.0m LINDY (41944)

Referencia : 41944

Cabo Displayport > VGA 05.0m LINDY (41944)

Fabricante : Lindy

- Compliant with DP 1.1 specification for both 1.62 and 2.7Gbps
- Supports resolutions up to 1920x1200 60Hz
- Supports 16 or 24 bit linear PCM, 32 to 192 kHz up to 8 channels
- Supports video mirroring & extended desktop modes

The LINDY DisplayPort to VGA cable converts the digital signal from the DisplayPort connection on your computer into an analogue VGA signal for use with monitors or projectors. Simply connect the male DisplayPort connector in to the DisplayPort socket on your PC and the VGA connector to the VGA connection on your display.
