HDMI to VGA Adapter Dongle

Ligue o seu equipamento HDMI a um monitor VGA ou projetor VGA!

The Lindy HDMI to VGA converter converts signals from a HDMI equipped source into a VGA signal. It supports resolutions up to 1920x1200@60Hz for VGA displays. This allows the connection of HDMI capable devices, such as PCâ€™s, notebooks and ultrabooks, to an older VGA display or projector.

• Converts HDMI signals into VGA
• Supports resolutions up to 1920x1200@60Hz
• Add a VGA monitor as a secondary display
• Quick and simple plug & play installation

The converter can also be used to add another display to extend the available desktop workspace. It is also ideally suited for travelling due to its compact, lightweight form factor and convenient plug & play installation.

Please Note: This product does not support HDCP protected signals
