KVM Switch DVI + USB + Audio - 2 Portas LINDY (42341)

Referencia : 42341

KVM Switch DVI + USB + Audio - 2 Portas LINDY (42341)

Fabricante : Lindy

Featuring integrated cables for quick installation this KVM switch allows two DVI-D equipped PCs to be controlled from a single keyboard, mouse and monitor. Simply connect the cables to your computers and attach a keyboard, mouse and monitor to the switch and your ready to start. The two additional 3.5mm audio ports allow users to connect headphones and a microphone while extra USB peripherals can also be attached with the addition of a USB hub.

- 2 Port KVM Switch with DVI-D, USB 2.0 and Audio Support
- Integrated computer connection cables with DVI, USB and Audio interfaces
- DVI, USB 2.0 and 3.5mm Audio In/Out console ports
- Supports DVI-D single link resolutions up to 1920x1200 - suitable for Mac, PC, Linux
- Compatible with Windows 2000/XP/Vista/7/8, Linux (Ubuntu 7.10), Mac OS 10.5 and higher

Please Note - Not for use with HDMI monitors, graphics cards, notebooks or PCs as Deep Colour & 3D are not supported, use our HDMI KVM Switch

- Additional USB accessories can be attached using a USB Hub (not included)
- Supports USB 2.0 speeds of up to 480Mbit/sec
- LED indicators for each active port
- Switch via the attached desktop switching button, the supplied software or keyboard hot keys

- Dimensions: 8.5 x 5.5 x 2.5 cm (WxDxH)

Um switch KVM permite-lhe partilhar o Rato+Teclado+Monitor+Colunas+Microfone entre dois ou mais PCs, consoante o modelo. Ligando um Hub USB pode ainda partilhar também outros periféricos que possuam esta ligação (Discos externos, Pen Drive, Web Cam, etc). Para fazer a comutação entre os PCs não é necessário instalar qualquer tipo de software, pois a mesma é feita através do Teclado ou de um botão colocado no próprio switch. Para além de evitar gastar dinheiro num novo monitor+rato+teclado+Colunas+Microfone, entre outros, ainda fica com mais espaço na secretária.
