Base/Suporte c/ Docking Station para PortÁtil ACT (AC8125)

Referencia : AC8125

Base/Suporte c/ Docking Station para PortÁtil ACT (AC8125)

Fabricante : ACT

The AC8125 is a USB-C docking station and laptop stand in ONE. It adds a 4K HDMI connection, 100W Power Delivery Pass-through port, Gigabit LAN port, card reader and two USB-A data ports. The stand can be placed in various positions with the preferred viewing angle and helps in getting a better posture when working. The docking station is detachable and can be reversed for better access to the USB-C connection port of your laptop.

- Reversible docking station and laptop stand suitable for laptops up to 15.6"
- PD Pass-through port 100W, 2x USB-A ports, 1x HDMI port (max. 4K@60Hz), Gigabit LAN port and card reader
- Ergonomic design with multiple viewing angles for maximum comfort
- Non-slip rubber pads to prevent your laptop from sliding
- Maximum air flow for better heat dissipation
- Easy to take along by its foldable design

Detachable and reversible docking station

The AC8125 is a docking station and stand in one. Connect your laptop with the enclosed USB-C cable to the docking station. The docking station is detachable and can be mounted upside down. In this way the USB-C connection cable is always on the correct side of the laptop where the USB-C connection is located.

Create a workstation with only one USB-C cable

When using the docking station you can expand your laptop with a 4K HDMI connection, Gigabit ethernet, 100W PD Pass-Through port, card reader and two USB-A data ports for connecting peripherals.

Ergonomic laptop stand: multiple viewing angles

Adjust the stand to the preferred viewing angle. The non-slip

rubber pads keep the notebook securely in place.

Open structure for better air flow

The open structure of the laptop stand prevents the laptop from overheating. The air flow ensures better heat dissipation.

Easy to take along by its foldable design

The AC8125 has a lightweight and foldable design. You can take the docking station/laptop stand easy along in a bag. Put the enclosed USB-C cable at the dedicated storage underneath the stand.
